

Harborough Climate Pledge

We are facing a Climate Crisis.

Without action, this won't change.

We invite you to pledge to act.

Pledge to take individual action.

(by reducing your personal carbon footprint)

Pledge to support local action.

(by voting, petitioning or protesting with climate protection as priority)

Pledge to share this action.

(this is not a fight to tackle alone, talk and take action with others)

You can pledge online here...
